

IN CONJUNCTION WITH  
NORRISTOWN STATE HOSPITAL  
CONTINUING EDUCATION PROGRAM

## **Dementia: An Overview for Victims and Caregivers**

**Presented by: Jordan Santina, DO**

This is an **intermediate** level presentation designed for psychologists, staff/providers, and family members who are interested in a better understanding of the different types of dementia and the skills needed for caregivers to successfully cope with these stages of life.

**Thursday, June 13, 2013 ♦ 1:00 pm to 4:15 pm**

**MCES Board Room**

This workshop is designated for **three (3)** credit hours. Satisfaction surveys must be completed as demonstration of attendance earning credit hours. Workshop must be attended in its entirety to earn credit. Norristown State Hospital is approved by the American Psychological Association to sponsor continuing education for psychologists. Norristown State Hospital maintains responsibility for this program and its content.

### **Description and Learning Objectives**

A brief review of the current classification of dementia and how caregivers can make lemonade with such sour lemons.

This workshop is designed to help you:

1. Describe how dementia can affect the aging process.
2. Explain the impact of dementia on immediate family and caregivers.
3. Discuss opportunities for engagement in life through this difficult process.

### **Presenter Information**

Dr. Santina is a graduate of Philadelphia College of Osteopathic Medicine, and did his residency training at The Institute of Pennsylvania Hospital and The University of Pennsylvania Health System. He also received a Master of Arts degree in Pastoral Counseling from LaSalle University. He has been an attending psychiatrist at MCES since 2008.
